

**The parts you
need, when you
need them.**

DB SCHENKER | marine parts

Worldwide logistics services for the Marine Industry

Flexible logistics services for the Marine Industry. Anywhere in the world.

DB SCHENKER | marine parts is a global logistics service dedicated to delivering parts directly to ships. We source parts from all over the world, utilizing our unparalleled ocean, air, and land network to find the fastest, most economical routes possible.

DB SCHENKER | marine parts was developed by marine experts to meet the unique requirements of the industry. Our worldwide logistics network enables us to handle complex shipments within precise time frames.

Specially trained personnel at our global service centers and hubs operate around the clock — seven days a week — guaranteeing you expert, individual service whenever and wherever you need it.

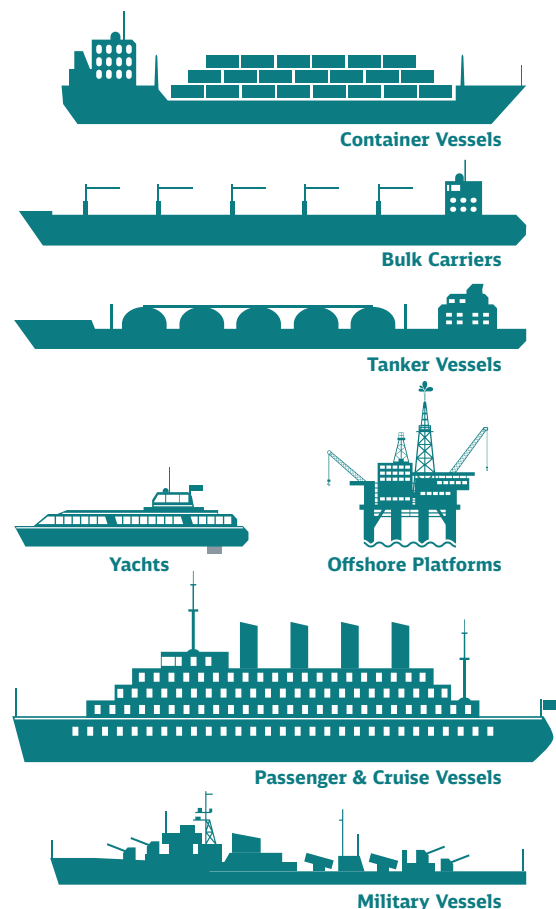

Time is money. Our network will save you both.

Let our experts determine the fastest and best-priced solutions for sourcing your marine parts. **DB SCHENKER | marine parts** operates worldwide around the clock, offering a variety of transport options for urgent ship spares.

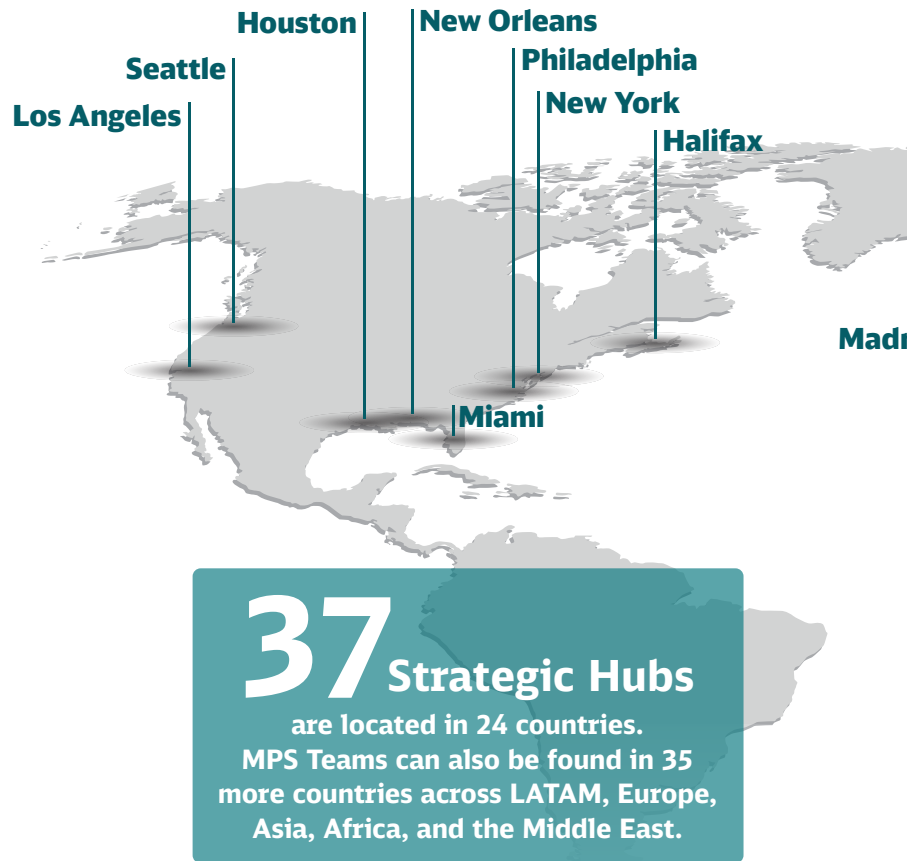

Our services are designed to meet the logistics requirements of:

- Marine Parts Manufacturers
- Marine Parts Suppliers
- Offshore Operating Companies
- Ship Builders & Repair Companies (MROs)
- Ship Owners
- Shipyards
- Ship Management Companies

Our logistics services are for all types of vessels, including:

Our global system of hubs is strategic

Why Choose DB SCHENKER | marine parts

Global Network

DB Schenker has over 74,500 employees and 2,100 locations worldwide. We've been in business for over 150 years and are the world's leading provider of global logistics services.

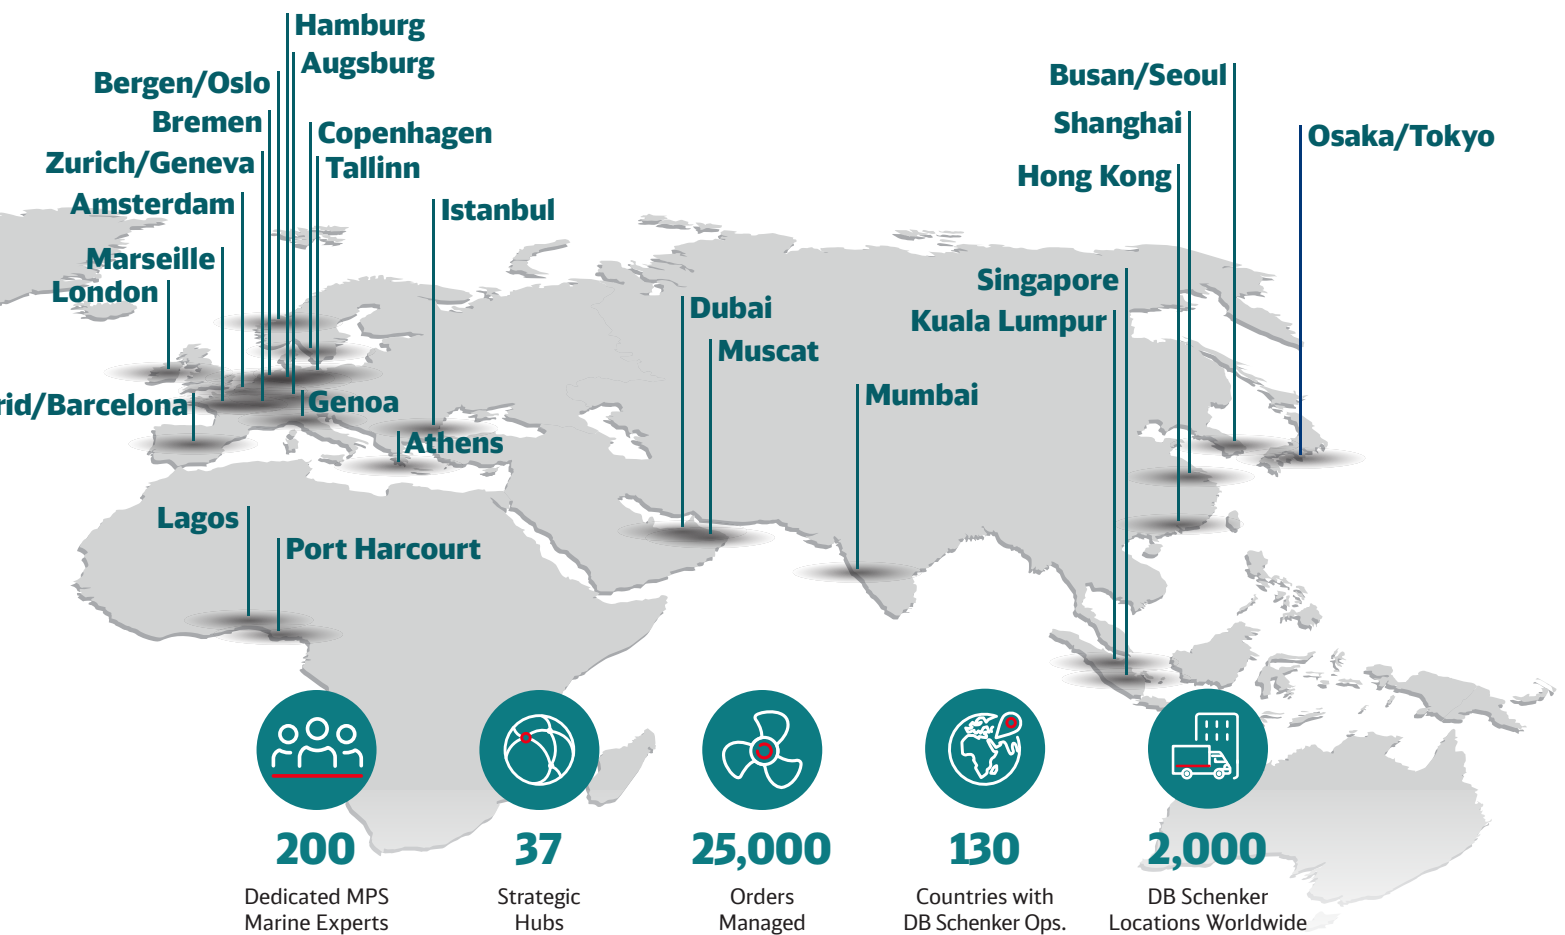

MPS Service with Dedicated Team

Our staff members are experts in the industry and have the training and resources to provide quick, professional service under pressure, saving you time and money.

MPS Hubs in Strategic Locations

DB Schenker has terminals and warehouses all over the world designated to serve our marine customers. We have MPS offices in 59 countries, with 37 hubs across 24 countries that are strategically located near major ship spares suppliers. We're located exactly where you need us.

Logistically positioned near major ship spares suppliers:

Marine parts?

Landed Spares & Door to Vessel Delivery

We pick-up the spare parts you need and arrange to quickly and cost-effectively transport them directly to you – or to your ships travelling the world's oceans – 24 hours a day, seven days a week.

Information Technology

We offer live 2-way integration to MyMPS: one of the most advanced online inventory management tools in the market. Our IT system sends you full pre-alert updates with all the details about your shipments. And get full online visibility with order follow-ups, progress chasing, problem alerting, and event management.

Price and Service Transparency

You can rely on our rates, no matter what. And thanks to our global buying power, we're able to pass on significant carrier and airline discounts to you.

Why Use Marine Parts Services (MPS)?

DB SCHENKER | marine parts MPS saves you time, money and hassle!

Ship Management companies, Ship Owners and others in the marine industry save both time and money when they combine marine parts shipments utilizing **DB SCHENKER | marine parts'** worldwide transportation network. You also get the best shipping rates thanks to our global buying power.

No matter the size or weight of the part, we'll get it to you as quickly and economically as possible. Our highly trained staff can arrange for transportation, customs clearance, and delivery to your ship, wherever that may be. And with MyMPS online tracking, you'll know exactly when to expect your parts.
